11. CRITERIA FOR PASSING COURSES, GRADES AND DIVISIONS

a) Grade Systems

The University will follow modern methods of continuous evaluation through a credit system. The system offers flexibility to progress at a pace commensurate with the capabilities of a student, subject to minimum credit requirements. There is no annual/semester pass or fail. The award system follows letter grades on a 10 points scale where the performance is measured in terms of weighted grade point averages (**SGPA**-Semester Grade Point Average and **CGPA**-Cumulative Grade Point Average).

A student has to satisfy minimum **CGPA** of **5.0** each semester and earn credit requirements duly approved by academic council, to be eligible for the award of degree.

b) Award of Grades

The students are continuously evaluated during the course and are awarded marks during the semester. At the end of the semester based on marks obtained following letter grades will be awarded on ten-point grade system as follows:

Performance in the semester	Grade (G)	Grade Points (GP)
Outstanding	A ⁺	10
Excellent	A	9
Very Good	B ⁺	8
Good	B	7
Above Average	C ⁺	6
Average	C	5
Satisfactory	D	4
Poor	E	2
Unsatisfactory	F	0
Incomplete	I	-
Satisfactory performance in Audit courses	AS	-
Unsatisfactory performance in Audit courses	AF	-

Evaluation of different components of a course shall be incorporated in the total marks as stated in the clause 10(e).

The basis for the award of grades shall be as follows :-

Marks	Grade
85 -100	A ⁺
75 - 84	A
67 - 74	B ⁺
60 - 66	B
53 - 59	C ⁺
45 - 52	C
35 - 44	D
20 - 34	E
00 - 19	F

The grade boundaries may be marginally adjusted by grade moderation committee in view of natural gaps.

Normally, statistical method should be used for the award of grades. Awards of Grades using statistical methods, is as given below: (Auth-Agenda 2 of ACM dated 12.11.2008)

$$\begin{aligned}\bar{x} + 1.5\sigma &\leq A^+ \\ \bar{x} + 1.0\sigma &\leq A < \bar{x} + 1.5\sigma \\ \bar{x} + 0.5\sigma &\leq B^+ < \bar{x} + 1.0\sigma \\ \bar{x} &\leq B < \bar{x} + 0.5\sigma \\ \bar{x} - 0.5\sigma &\leq C^+ < \bar{x} \\ \bar{x} - 1.0\sigma &\leq C < \bar{x} - 0.5\sigma \\ \bar{x} - 1.5\sigma &\leq D < \bar{x} - 1.0\sigma \\ E &< \bar{x} - 1.5\sigma\end{aligned}$$

where \bar{x} is the mean (class average) and σ is the standard deviation of marks obtained by the students in a course. It is assumed that the graph between marks/grades vs. number of students is Gaussian in nature with a mean around 60 and a standard deviation of 16. If the distribution is deviated (average by $>\pm 4$ and/or s.d by $>\pm 2$) from the above distribution then the new moderated grade boundaries must be used for the grades by taking average of the marks based and statistical based grade boundaries.

*Fixation of grade boundaries in the result of the end semester examinations should be taken as the nearest whole figure on the lower side for working convenience.

(Auth- Agenda 4.1 of ACM dated 07 June, 2010.)

‘A⁺’ (A plus) grade should not be normally be awarded to more than 10 % students.

(Auth- Agenda 2 of ACM dated 12.11.2008)

‘E’ grade denotes poor performance in the course. Such student has to re-appear in the semester-end examination, without attending a course and his old Sessional marks are to be carried forward, until a passing grade is obtained. The weightage of E-grade will be counted in the calculation of SGPA but will not be counted in the calculation of CGPA. E grade shall also be awarded to students who did not appear in the end semester examination or performed very poorly in the same provided he has secured minimum 50% marks in sessional, combined together in case of theory papers and minimum 50% marks in PSM for practical/laboratory work.

‘F’ grade denotes unsatisfactory academic performance. F grade will be awarded to students whose attendance is poor (less than 75% / 60% as the case may be) in a course or if he has secured less than 50% marks in the sessionals. Students who obtain F grade have to repeat the course as an extra course during the next semester or during summer/ winter break, whenever the course is offered.

Grade ‘AS’ and ‘AF’ are awarded in Audit course and are not counted in the calculation of SGPA/ CGPA.

(i) ‘I’ grade refers to an incomplete grade and is required to be converted into a grade ‘E’ after a period of one month from the date of declaration of the result where theory and practical exams are conducted and student is allowed to appear in the semester end examination without attending a course and his sessional marks will be carried forward. .

(ii) However, for subjects like seminars, mini projects and dissertation where there are no sessional marks and student not appearing in the end semester exam and is awarded ‘I’ grade, the same should be converted into ‘E’ grade after stipulated period of one month from the date of declaration of result.

(Auth- Agenda item No. 2.2 of ACM held on 21 June, 2011).

Grades earned in extra curricular activities will not be counted in the calculation of SGPA & CGPA.

Due to subjective nature of evaluation of practicals /laboratory work/ seminars/ summer training/ dissertation etc., award of grades in such cases will be as follows:

$$\begin{aligned} \bar{x} + 1.5\sigma &\leq A^+ \\ \bar{x} + 1.0\sigma &\leq A < \bar{x} + 1.5\sigma \\ \bar{x} + 0.5\sigma &\leq B^+ < \bar{x} + 1.0\sigma \\ \bar{x} &\leq B < \bar{x} + 0.5\sigma \\ \bar{x} - 0.5\sigma &\leq C^+ < \bar{x} \\ \bar{x} - 1.5\sigma &\leq C < \bar{x} - 0.5\sigma \\ \bar{x} - 3.0\sigma &\leq D < \bar{x} - 1.5\sigma \end{aligned}$$

E and F grades are awarded under conditions as described above.

For subjects like seminars, mini projects and dissertation where there are no sessional marks or periodic evaluation, the students should be directly awarded grades instead of marks in the end semester evaluation.

c) Calculation of SGPA and CGPA

$$SGPA = \frac{\sum_{x=1}^n C_x \cdot GP_x}{\sum_{x=1}^n C_x}$$

where,

C_x = Number of credits assigned to the x^{th} course in a semester

GP_x = Grade Point earned in the x^{th} course

n= Number of courses in the semester

$$CGPA = \frac{\sum_{i=1}^N C_i \cdot GP_i}{\sum_{i=1}^N C_i}$$

where,

C_i = Number of credits assigned in the i^{th} course

GP_i = Grade points earned in i^{th} course.

N = represents the number of courses in which student was registered and earned a grade D and above up to the semester for which CGPA is to be calculated.

12.(A) Passing Grades:

- (a) Obtaining a **D** Grade in each course shall be essential for passing the course and earning its assigned credits. Any student, who secures less than a D Grade in a course, shall be deemed to have failed in that course.
- (b) (i) A student obtaining **E/D** Grade in a course shall be allowed to re-appear in a semester end examination of the course in the next semester till he/she clears that course, subject to the maximum permissible period of (n+n/2) or (n+n/2+2) semesters as mentioned in clause 5(c). Such students shall also have the option to repeat that course during summer/ winter/ regular semester whenever the subject is offered. However, students with **F** Grade in a subject shall have no other option than to repeat that course during summer/ winter/ regular semester.
(ii) A student who has to reappear in a semester end-term examination in terms of clause 14.A(b)(i) above shall be examined as per the syllabus which will be in operation during the subsequent semester(s).
Students who are eligible to reappear in an examination shall have to apply to the Controller of Examinations through the School / Institution concerned to be allowed to reappear in an examination and pay the fees prescribed by the University.
(iii) A student who has poor performance in a number of courses in a particular semester, he/she may at his option, take an academic break for one year/ semester, and re-register for either/ both the semesters of that academic year in the next academic year. Such a student may have the option of repeating any one or all the courses in the semester(s) and retain the credits already earned by him in the remaining course(s). For calculating the CGPA, determining the pass/ fail in a course and eligibility for the award of a degree, the revised improved Grade(s) obtained in the repeated course(s) will be taken into consideration.
- (c) A candidate who has earned the minimum number of credits prescribed in the concerned Teaching & Examination Scheme, shall be declared to have passed the programme, and shall be eligible for the award of the relevant degree or diploma. Teaching & Examination Scheme shall clearly specify the minimum credits to be earned to qualify for a degree or diploma. The credits included in the Teaching &

Examination Scheme of a programme should generally contain more credits than such minimum specified credits.

- 12.(B)** (i) A student achieving a CGPA of 6.5 and above shall be placed in first division.
(ii) A student achieving a CGPA of 8.4 and above shall be placed in first division with distinction..

ii) There are no dues outstanding in his/her name of a School of the University / constituent Institution
And
iii) No disciplinary action is pending against him/her
